HEARTS AND HANDS INVITED

Red Deer, Alberta – Thursday, November 25, 2010 – All great projects require passion and people. Central Alberta AIDS Network Society (CAANS) is inviting people with a passion to come to the Fall “Tune-Up” on Friday, November 26th, from 9:00am to 4:00pm at 4611 – 50th Avenue.

Tune-Ups are run by Central Alberta AIDS Network Society as a way to offer a one-stop shop for individuals and families who need a little extra help. Past events have been a huge success, as health care services, personal kits, and food are provided throughout the day. A nurse will be on-site to look after minor scrapes, cuts and wounds; as well as local hairdressers will be volunteering their time to give free haircuts.

Items that are needed right now: deodorant, adults gloves and mittens, warm coats, feminine hygiene supplies, combs, toothbrushes, toothpaste, sweatshirts, hoodies and winter hats.

If you can donate products to this event, or if you are interested in providing services or products to the next Tune-Up to be held in the spring, get in touch with CAANS .

United Way is proud to support this event by providing personal care kits and through the staff volunteering their time through a Day of Caring. Individuals and groups who are interested in helping an agency through a Day of Caring can do so by calling United Way of Central Alberta.
