HEALTHY RELATIONSHIPS = BRIGHTER FUTURE

Since her son began a mentoring program two years ago, one parent said "he has turned from a problematic child with behavioural issues into this wonderful, funny, outgoing, caring young man that I love spending time with."

NOT EVERY CHILD HAS THE SAME OPPORTUNITY TO SUCCEED.

22%

of youth do not complete high school by age 18 which significantly limits their future possibilities. Together we can change that.

2287

Children and youth were supported in your community through mentoring, after-school programs, a reading program, a school breakfast program and being taught about managing money.
