

**TOGETHER
WE CAN MAKE
LOCAL ISSUES
#UNIGNORABLE**

A regular income and good mental health aren't always a reality for a significant portion of the unemployed or under-employed population. Alrick Forbes had a brain injury when he was young, and never received necessary support after he left the hospital. Today with the help of the Cosmos Career Pursuits program, Alrick is on his way to his dream job of being a personal support worker. John Mulgrew supports programs like this through his donations to United Way. Help us make local issues #UNIGNORABLE by showing your local love today. 

Alrick Forbes - COSMOS
United Way program participant

John Mulgrew - INEOS
